# 1973-74 A Very

We did the normal every year things. We attended basketball and football games, roamed the halls, came to band at 7:30, and studied for various tests. So what made this year so special? It was the people, places, and things. The annual staff and I hope that we have captured these special moments so you will always remember 1974 as a very special year.

Betty Scharn had the honor of being the 4th SCHS student to go abroad on the AFS Program. She spent the summer in Tehran, Iran and brought back many fond memories of her Middle Eastern home.

On March 29 and 30 the local AFS club sponsored an AFS weekend for foreign students and their American brothers and sisters. They arrived Friday evening, attended the Dolphin Show, danced in the high school cafeteria, and then spent the night in the members homes. A potluck dinner was held Saturday noon with bowling following.

## *Rainer & the Hackes*

Rainer Friedrich, this year's AFS foreign exchange student from West Germany, has added much to the student life at SCHS. He was at home with the Day Hacke family. His studies here included geometry, social problems, government, science seminar, math analysis, and physics. He also participated as a member of the basketball team, football team, track team, and Sentinel staff.

"Look at this picture of Bill, Jan!"  
"Yea, look at this picture of Rich,  
Bethine!"

"Don't watch your fingers!"

The threesome ponder page 135

"I just love doing the majorette pages!"

Boyd -  
Well I've  
made through the  
last two months  
of work with no  
will almost no trouble.  
Now all I have to do  
is learn how to boil the  
water for coffee! If I  
can accomplish that I'll  
both be having more coffee  
instead of evaporated water!!  
Of course the next thing (rule)  
is to be sure all studios aren't  
are shut! So the cops aren't  
calling you in the middle of  
the night. If you ever need  
someone to replace you in  
taking pictures - just ask!
